GRANT AGREEMENT DATA SHEET

Grant Agreement (GA) No: 871126

Acronym: eLTER PPP

Title: eLTER Preparatory Phase Project

Call/Topic: Preparatory Phase of new ESFRI projects and early phase support to ESFRI high strategic potential areas

Type of action: Coordination and support action

Granted by: European Union

Consortium agreement required: Yes

Collaboration agreement required: No

Coordination agreement required: No

Duration (in months): 60

Starting Date: 1 February 2020

Justification: We request that the project will start 1 February because a possible start 1 December is problematic. The month can hardly be used for initiating a project because it is shorter owing to the Christmas/new year season and many activities end in December so that all involved persons will be very busy already. Furthermore, for several of the key persons in the project, January will be a difficult start date owing to other obligations. For these reasons, a start at the beginning of the February will be very practical and most efficient regarding a successful start of the projects. Furthermore, this relates to the project eLTER PLUS (871126) as well, and it will be useful to start both projects at the same time because the work should be well synchronized and complementarily aligned.

End date: 31 January 2025

Reimbursement rate: 100% of the action's eligible costs
