The Council of Europe, which has its Headquarters at Avenue de l'Europe, F-67075 Strasbourg, France, represented by Mr Krzysztof ZYMAN, acting on behalf of the Secretary General (hereinafter referred to as "the Council of Europe"); on the one hand, and

on the other hand,

have agreed as follows:

ARTICLE 1 - SUBJECT

1. The subject of this Agreement is the funding, for a maximum of 9 740 € (nine thousand seven hundred and forty euros), by the Council of Europe as payment for the expenses to be met for implementation of the project entitled *Beyond 7 dangers* (hereinafter referred to as "the Action") as described in APPENDIX I to the present Agreement.
2. The Grantee or the Grantees will be awarded the funding on the terms and conditions set out in this Agreement and its Appendices, which form an integral part of the present Agreement.
3. This Agreement shall enter into force on the date when the second of the two Parties signs it. The implementation period of the Action shall begin on 01 February 2025 and shall end on 15 November 2025.
4. The Grantee or the Grantees shall contribute to the Action either by way of its own resources or by contribution from third parties. Co-financing may take the form of financial or human resources, in-kind contributions or income generated by the Action. The form of this contribution is to be detailed in APPENDIX II to the present Agreement.

ARTICLE 2 – DIVISION OF THE GRANTEES ROLES AND REPONSIBILITIES

1. The Grantees have full responsibility for implementing the action and complying with the Agreement.
2. The Grantees are jointly and severally liable for the implementation of the action. If a Grantee fails to implement its part of the action, the other Grantees become responsible for implementing this part (without being entitled to any additional funding to do so), unless the Council expressly relieves them of this obligation.
3. In the case of a single Grantee applying, all obligations and responsibilities outlined in this Article shall vest in the Grantee. All references to "Lead Grantee" and "Grantees" shall therefore apply equally to the Grantee applying.
4. The internal roles and responsibilities of the Grantees are divided as follows:
 - 4.1. The Grantees must designate a coordinator hereinafter referred to as "the Lead Grantee".
 - 4.2. Each Grantee shall:

- a) undertake to implement the Action, as described in APPENDICES I and II, in accordance with the terms and conditions of the current Agreement;
- b) be responsible for complying with any legal obligations incumbent on it;

- e) make no profit through the Council of Europe funding;
- f) respond adequately and promptly to any reasonable request for information made by the Council of Europe or the Lead Grantee concerning the implementation of the action or the verification of costs;
- g) submit to the Lead Grantee in good time:
 - any other documents or information required by the Council under the Grant Agreement, unless the Grant Agreement requires the Grantees to submit this information directly;
 - any information requested by the Lead Grantee in order to verify proper implementation of the action and compliance with the other obligations under the grant;
 - individual financial statement(s) for itself and, if required, certificates on the financial statement(s);
 - all data required to draw up the report(s) (see Article 2.4.3. f) and g)).
- h) provide — during implementation of the action or afterwards — any information requested in order to verify eligibility of the costs, proper implementation of the action and compliance with the other obligations under the Agreement.
- i) give the other Grantees access to any pre-existing industrial and intellectual property rights needed for the implementation of the action and to comply with the obligations under the Grant Agreement (Article 2.6.).
- j) where the documents specified in Article 2.4.3. f) and g) are not received by the Council of Europe by the due date(s), relinquish the right to the payment of the balance referred to in Article 3.1;
- k) keep the accounts of the Action, for a minimum period of 10 (ten) years from the date of transmission of the narrative reports and final financial report under Article 2.4.3. f) and g), for any further verification of the proper use of the grant that the Council of Europe, its External Auditors or their appointed representative may effect;
- l) when acting under this Agreement, observe any applicable laws and to ensure that the Council of Europe is not held liable in respect of third party (including State authorities') claims in this connection.
- m) take appropriate measures to prevent irregularities, fraud, corruption or any other illegal activity in the management of the Action. All suspected and actual cases of irregularity, fraud and corruption related to this Agreement as well as measures related thereto taken by the Grantees must be reported to the Council of Europe without delay.

4.3. The Lead Grantee shall:

- a) monitor that the action is implemented timely and properly, in accordance with the terms of the Grant Agreement;
- b) act as the intermediary for all communications between the Grantees and the Council (in particular, providing the Council with the information described in Article 2.4.2. f), g) and h) immediately), unless the Grant Agreement specifies otherwise;
- c) inform the Council of Europe immediately of any change likely to affect or delay the implementation of the Action of which it is aware;
- d) request and review any documents or information required by the Council and verify their completeness and correctness before passing them on to the Council;
- e) before the start of the implementation of the action, submit this list of pre-existing rights (Article 2.4.2. i)) to the Council;
- f) transmit to the Council of Europe a final narrative report¹ on the use made of the grant by 30 November 2025;
- g) To transmit to the Council of Europe by 30 November 2025:

¹ All reports should, unless otherwise agreed between the parties, be submitted in one of the official languages of the Council of Europe (English or French).

h) Ensure that all payments are made to the other Grantees without unjustified delay

The Lead Grantee may not subcontract the above-mentioned tasks.

5. Payments shall be made by the Council to the Lead Grantee. Payments to the Lead Grantee shall discharge the Council from its payment obligation. The Lead Grantee must ensure that the distribution of the payments between the Grantees are made without unjustified delay.
6. If any of the Grantees breach any of its obligations under this Article, the grant award may be reduced or the Agreement terminated in accordance with Article 14 and Article 17 of this Agreement. In case of breach of the Grant Agreement, where applicable, the Council will claim back the amounts paid but that were not due under the grant. The Lead Grantee of the consortium is fully liable for repaying the debts of the consortium; even if it has not been the final recipient of those amounts.
7. The Grantees must have internal arrangements regarding their operation and co-ordination to ensure that the action is implemented properly. These internal arrangements must be set out in a written 'consortium agreement' between the Grantees, which may cover:
 - internal organisation of the consortium;
 - distribution of the Council payment(s);
 - additional rules on rights and obligations related to pre-existing rights and results (including intellectual and industrial property rights), specifying the owner any persons that have a right of use;

2. Payments will be made to the Grantee or to the Lead Grantee in the case of a consortium in the currency in which the Agreement was concluded (See Article 1.1)

As regards consultancy services, it implies evidence of the outputs produced, contracts with experts and consultants containing a specific description of services to be carried out, invoices produced after the works have been performed and delivered (the specialities of the consultants shall correspond to the nature of activities for which they are contracted). As regards travel fees / lodging of experts and participants, it implies, where relevant, contracts with a travel agency for travel fees and lodging, invoices of the travel agency mentioning destinations, dates, ticket costs, and names of the travelling persons, a programme of the event mentioning the names of the experts and signed lists of participants. 2. This shall apply on the understanding that the Grantee or the Grantees' rules and procedures involve competitive tendering (with at least three competitive tenders) and conform to nationally or internationally accepted standards, in compliance with the principles of transparency, proportionality, sound financial management, equal treatment and non-discrimination, care being taken to avoid any conflict of interests. The Grantee or the Grantees must be in a position to submit the documents showing that it has complied with the obligations set forth in this article when requested to do so by the Council of Europe or its designated auditors.
3. As a derogation to paragraph 2, above contracts may be negotiated directly with suppliers without competitive tendering, if the expenditure concerns a purchase for an amount of less than €2000 excluding tax, or less than €5000 excluding tax for intellectual services where the basic selection criterion is the service provider's technical expertise.

These costs shall not exceed the amount laid down, as the case may be, in APPENDIX II, and in no case may they exceed 7% of the total eligible costs.
3. It should be noted that, except when this is materially impossible (e.g. to pay taxi fares), all payments to third parties must be made by transfers to their bank account.

ARTICLE 14 – FINAL AMOUNT OF THE COUNCIL OF EUROPE FUNDING

1. The total amount to be paid by the Council of Europe to the Grantee or the Lead Grantee in the case of a consortium may not exceed the maximum funding established under Article 1.1 of this Agreement even if the overall payments exceed the estimated total budget set out in APPENDIX II.
2. The Grantee or the Grantees accept that the funding by the Council of Europe shall be limited to the amount required to balance receipts and payments of the Action, as reflected in the estimated total budget set out in APPENDIX II, and that it may not in any circumstances result in a surplus for the Grantee or the Grantees. The Council of Europe's undertaking to pay its funding shall apply only for expenditure qualifying as eligible costs. After receipt of the reports (see Article 2.4.3 f) and g)) and assessment of the eligibility of costs, the Grantee or the Lead Grantee in the case of a consortium will be notified of the amount due. If the balance is positive, it will be paid to the Grantee or the Lead Grantee in the case of a consortium. If the balance is negative, it will be recovered from the Grantee or the Lead Grantee in the case of a consortium.

4. Where the Action is not carried out at all, or is not carried out properly, in full or on time, and without prejudice to its right to terminate this Agreement pursuant to Article 17, the Council of Europe may, after allowing the Grantee or the Lead Grantee in the case of a consortium to submit its observations, reduce the funding *pro rata* to take account of the part of the Action that has not been carried out on the terms laid down in this Agreement. In the event that the final award shall be less than the total of the initial payment and any further payments made at the time of the decision to reduce the amount, the Council of Europe shall be entitled to restitution of the difference within a reasonable time.
5. In the event that funds paid under this Agreement must be reimbursed to the Council of Europe due to reduction of the award or termination of the Agreement. The Lead Grantee is fully liable for repaying debts of the consortium (under the Agreement), even if it has not been the final recipient of those amounts. In addition, the Grantees (including the Lead Grantee) are jointly and severally liable for repaying any debts under the Agreement — up to the maximum contribution indicated, for each Grantee, in the estimated budget.
6. Any dispute shall be submitted to arbitration pursuant to Article 21 and any costs related to recovery will be borne by the Grantee or by the Lead Grantee in the case of a consortium.

The Arbitration Board shall be composed of two arbitrators each selected by one of the parties, and of a presiding arbitrator, appointed by the other two arbitrators; in the event of no presiding arbitrator being appointed under the above conditions within a period of six months, the President of the Tribunal de Grande Instance of Strasbourg shall make the appointment.
3. Alternatively, the Parties may submit the dispute for decision to a single arbitrator selected by them by common agreement or, failing such agreement, by the President of the Tribunal de Grande Instance of Strasbourg.
4. The Board referred to in paragraph 2 of this Article or, where appropriate, the arbitrator referred to in paragraph 3 of this Article, shall determine the procedure to be followed.

TITLE OF THE PROJECT *Beyond 7 Dangers*

1. Project background

[Maximum 12 lines. What is the context and which problems/situation led to this project? Why it is important to carry out this project? Which issue(s) do you hope to address with this project? Why does it need/justify funding? If this is the continuation of a previously implemented project, describe past achievements and new objectives]

At various international forums dealing with security issues, the issue of new threats has been debated for a long time, starting with climate change and associated significant and unusual weather changes, ending with technological threats, including cyber attacks. The need to transfer these debates from the political level to the population level is beginning to appear inevitable, as ordinary people are the most vulnerable subjects, unprepared to respond adequately to these threats.

That is why we decided to initiate a general - oriented to the general public - popular-educational event, held once a year, the subject of which would be to present new, but also frequently occurring, threats in an interesting and easy-to-grasp manner, together with the identification of the best ways to respond to them. Simultaneously with the organization of annual events, each year on a different theme, we have the ambition to start presentations at schools, aimed at improving public awareness and preparedness for new threats.

The intention is to eventually reach out to other centers within the EUR-OPA network, able and willing to present their expertise and in this way add to the event even an international aspect.

2. Expected Results

[Maximum 12 lines. Describe the expected results and give examples of the:]

- a) Impact (e.g. vulnerable groups in prone-risk areas know how to behave in an emergency. Implementation of new measures. Increased consultations with local and national government. Increased networking. etc.)
- b) Intermediate outcomes (e.g. trainers now train vulnerable groups on major hazards)
- c) Immediate outcomes (e.g. training of trainers on major hazards and vulnerable groups)]

2025

Our ambition is to improve general awareness and preparedness for new threats, but at the same time threats whose frequency is more pronounced, with the fact that our effort will be to reach out to all generations and different groups of the population, taking into account disadvantaged groups.

In 2025, lectures and demonstrations on CBRN threats and preparedness will be held as part of the 7-day event "Beyond the Seven Mountains". We will address entities with protective equipment, with knowledge of the issue, and introduce the first topic. By using the environment of a family festival, we can engage the youngest generations in a fun as well as educational way, thus hopefully creating a new status quo of preparedness for the future. The population is better prepared for threats, knows how to react to them better and more promptly.

With school presentations on topics that will be the content of individual annual events, we will create a new society-wide culture of education in the field of threats and preparedness for them.

From the position of an educational institution, with the guarantee of the state, we can give the event a certain degree of seriousness, despite the fact that the individual performances will be presented in a popular way.

3. Deliverables (Outputs)

[Maximum 12 lines. For example: workshop report, vulnerability maps, guidelines, recommendations, brochures, leaflets, development of websites, etc.]

2025

Coordinator Centre:

After identifying the partner to cooperate with, the first deliverable will be a manifest – a document of cooperation stipulated between ScenT and organizers of the chosen festival, eventually an internal document confirming that the Slovak University of Technology in Bratislava (STU) will host, for an agreed period of time, within the frame of its summer school, the project "Beyond 7 Dangers" as part of their educational activities.

The second deliverable will be the preparation of printed materials (leaflets, brochures) to be distributed at the event as well as at schools: the first year dedicated to the topic of "CBRN threats". The materials will be printed in Slovak language, with the possibility of translation into other languages. A graphic version of the materials relevant to each topic will be made available on the website of the STU.

At the end of the festival itself, there will be prepared an evaluation report stating the basic information i.e. the total number of visitors, percentage of how many of them participated in the "Beyond 7 Dangers", list of topics discussed and a brief description of presenters and methods for their presentation. The report will also include the information of total number of estimated hours that our project took place at the chosen event.

4. Activities

[Maximum 12 lines. Describe the detailed activities. What are you spending the funds on?]

2025

Coordinator Centre:

As first activity, we will contact the organizers of the "Beyond the Seven Mountains" event, chosen because of its identification as a family event as well as because it has already created an interesting portfolio of visitors that we intend to reach out to. The organizers will be presented with a proposal to set, within the 7-day event, a time space of at least 2 days for our project "Beyond 7 Dangers", starting from 2025, with a relevant financial consideration of our spot within the existing festival. In case the organizers of said event wouldn't accept our proposal, we have already identified other festivals of similar range and we will reach out to them. In case participation at festivals turns out to be a dead end, the project will take place as part of STU's summer school.

During the preparatory activities, the aim of which will be to ensure our participation at some of the chosen festivals, and once the partner is identified and our proposal of cooperation accepted, we will begin to prepare materials (leaflets, brochures) on the topic of "CBRN threats" to be distributed both at the event itself and at schools. For that matter, we will contact the stakeholders dealing with the topic so that the materials will be prepared effectively according to their expertise.

The third activity will be the identification and subsequent addressing of elementary schools in the Bratislava region (in the 1st year) with the offer of short lectures on the topic of the given year.

6. Target groups and community involvement

[Maximum 10 lines. Please describe which are the groups targeted by the project and the communities involved. How do you address gender equality in your project?]

The project is focused on all population groups, which is also the reason behind aiming to family-type festivals, taking into account the "Leave no one behind" phenomenon. We want to introduce the issue of new and high-frequency risks together with the best methods of preparedness and response to them among all generations. Within each annual event, we would also like to include the perspective of disadvantaged groups and recommendations for these population groups in terms of a separate sessions.

As for education in schools, in the first year we plan to address schools in the Bratislava region, then expand the range beyond the region, potentially using the existing networks also withing the Agreement. Gender equality will be taken into account when preparing single lectures and performances from both sides, performers as well as the subject of topics discussed, generally in forms of pointing at differences that are to be understood, accepted and even used for our advantage, in certain situations.
